CAN WE COUNT ON YOU?

The U.S. Census Bureau began expanding the American Community Survey (ACS) throughout the nation in December 2004. This survey will allow the Census Bureau to conduct a short form-only census in 2010 and to provide socio-economic information every year, rather than just once a decade. Therefore, each month, a sample of different households in the township will receive the ACS questionnaire to complete and return by mail.

RESPONSE TO THE SURVEY IS MANDATORY. We urge you to complete the form you receive and return it as soon as possible.

The Census Bureau is seeking candidates interested in permanent, part-time positions to conduct interviews with households that haven't completed the ACS questionnaire. Interested candidates should call the Census Bureau at 1-800-262-4236, extension 1. To learn more about the ACS, visit www.census.gov/acs/www.

Should you have any questions, please contact either the Census Bureau at 215-717-1800 or Noreen DiPasqua at the Township, 610-696-5266. ★

Finance Department Recognized Again

For the second consecutive year, the Government Finance Officers Association of the United States and Canada (GFOA) has awarded West Goshen Township with the Certificate of Achievement for Excellence in Financial Reporting for the Township's Comprehensive Annual Financial Report (CAFR).

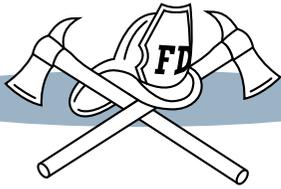

The CAFR was judged by an impartial panel to meet the high standards of the program in demonstrating a constructive "spirit of full disclosure" to clearly communicate its financial story and motivate interested citizens as well as businesses to read the CAFR.

The award-winning CAFR was prepared by Township Finance Director Jeanne M. Denham and Assistant Finance Director Jennifer Latzer, with assistance from independent auditors Barbacane-Thornton.

The GFOA is a nonprofit professional association serving approximately 15,000 government finance professionals. The Certificate of Achievement for Excellence in Financial Reporting is considered the highest form of recognition in the field of governmental accounting and financial reporting. ★

Fire Safety Tips from Fire Marshal Andrea Testa

The effectiveness of emergency personnel depends upon timely response. Motorists can help fire engines, ambulances, and police vehicles arrive at the scene quickly and safely. With that in mind, here are some important questions and answers every motorist should know about emergency vehicles to become a more knowledgeable driver.

Q. What steps should drivers take to ensure they could hear the approach of an emergency vehicle?

A. When windows are closed, drivers should remain alert for flashing lights by looking in their rear view mirrors. Radio or stereo systems should be set at a level that allows sirens or horns to be heard.

Q. Should motorists stop when they see or hear an emergency vehicle approaching with emergency lights and siren operating?

A. Yes. Upon the approach of any emergency vehicle giving audible signal by siren, the operator of a vehicle shall yield the right-of-way by pulling to the right-hand side of the roadway until the emergency vehicle has passed.

Q. When drivers approach an emergency vehicle scene, what precautions should they take?

A. Do not make the emergency scene worse. Drivers should maintain a safe driving speed, keep their eyes on the road and

follow directions from authorized personnel. Be aware that other emergency vehicles may be approaching the scene.

Q. At a fire scene, can motorists drive over a fire hose stretched across the street?

A. No, unless a fire department official gives them permission.

Q. Is it illegal to follow an emergency vehicle too closely when the warning lights and siren are operating?

A. Yes. A driver should not follow an authorized emergency vehicle responding to a call or alarm closer than 500 feet. Also, a driver should not park his or her vehicle within 300 feet of fire department vehicles that have stopped at an emergency scene.

Q. When an emergency vehicle is approaching from the opposite side of a divided highway, do drivers have to pull to the right and stop?

A. No, because the road is separated by a barrier or median.

Attention Seniors

Planning a Block Party?

Community get-togethers are encouraged in West Goshen Township. However, we do require prior notification for safety reasons. If you are planning a block party and are requesting to block off a portion of your roadway for such use, please notify Assistant Zoning Officer Diane Clayton at 610-696-5266 with your request. Your request must include the names and signatures of those individuals who will be participating in the block party and whose homes will be affected by the closure. Also list the dates and times for your event including a possible rain date. We suggest off-street parking be available if possible to allow for emergency vehicle passage if necessary. A copy of your request is forwarded to the West Goshen Police Department.

Block parties may also be held at any of West Goshen's parks. For groups of 25 or more people, a permit application must be completed and returned to the West Goshen Park and Recreation Office at least ten days prior to your event.

Or How about a Yard Sale?

While yard sales are permitted in West Goshen Township without a permit there are certain guidelines we suggest for a safe conclusion for your endeavor.

- Signage pertaining to the yard sale may **not** be posted on a utility pole. We suggest anchoring the signs into the ground in back of the street right-of-way.
- If you are planning a large yard sale, be mindful of traffic concerns.
- A yard sale is considered the sale of household or personal items that are removed from your residence and which you then sell at the yard sale. When a yard sale extends far beyond this definition as to give the appearance of a commercial or retail business, you then run the risk of being in violation.
- Remember if your yard sale should get out of hand and become a "nuisance" factor you could be asked to cease operations.

Verizon Installing New Fiber-Optic Lines

Verizon is nearing completion of a project to install new fiber-optic lines throughout West Goshen Township as part of a larger effort to build a nationwide high-speed voice, data, and video network. West Goshen is one of 22 municipalities in Chester County Verizon has targeted to receive the upgrade this year.

Verizon has coordinated efforts with West Goshen Township throughout the installation process. Creating an all-fiber system requires hanging lines from utility poles and digging to bury lines along public utility right-of-ways, which are usually located at the edge of homeowners' and business properties.

Nearly ³/₄ of the lines have been installed in West Goshen Township. Verizon hopes to finish placing remaining lines in the next month. ★

Questions and Answers about the West Goshen Summer Teen Program

Q Will the Summer Recreation Program for 5-12 year olds also still take place at Community Park?

Both the teen program and the Summer Recreation Program for younger children will take place at West Goshen Community Park, with each having separate designated meeting areas within the park. Head counselors for each program will coordinate field use to keep interaction between the two programs at a minimum. Participants in the teen program will help put on two "Carnival Days" for children in the Summer Recreation Program during the course of the summer. Otherwise, participants of the two programs will be kept separate.

Q Would I receive the discounted rate for multiple children if I have one child in the Summer Recreation Program for 5-12 year olds, and one child in the West Goshen Summer Teen Program?

Yes—the reduced price for multiple children applies across the two programs for residents of West Goshen Township.

Q Are field trips included in the cost of registration?

No. Parents will be responsible for

admission charges for each week's field trip. Most field trips will cost between \$7 and \$20, with one amusement park trip costing approximately \$27. The Park and Recreation Department will provide transportation from Community Park to the field trip sites at no additional charge.

Q Who will the counselors be for the Summer Teen Program?

The staff will be selected from experienced counselors from the West Goshen Summer Recreation Program along with applicants who demonstrate a strong aptitude for working with teens.
