

**SCHEDULE OF FEES FOR  
HIGHWAY OCCUPANCY PERMITS**

**PERMIT ISSUANCE FEES**

These fees are applied to the administrative costs incurred in reviewing the application and plan(s) and issuing and processing the permit, including the preliminary review of the site location identified in the application, whether or not a permit is issued and processed.

Schedule <u>Item No.</u>	Unit <u>Fee</u>
1) <b>Application Fee</b>	
a) Utility .....	\$50.00
b) Driveways	
(i) minimum use (e.g., single-family dwellings, apartments with five or fewer units) .....	5.00
(ii) low volume (e.g., office buildings, car washes) .....	30.00
(iii) medium volume (e.g., motels, fast food restaurants, service stations, small shopping plazas) .....	40.00
(iv) high volume (e.g., large shopping centers, multi-building apartment or office complexes) .....	50.00
c) Other (e.g., bank removal, sidewalk and curb) .....	20.00
2) <b>Supplement Fee</b> (each six-month time extension) (each submitted change) .....	10.00
3) <b>Emergency Permit Card</b> (each card) .....	5.00
4) <b>Exemption</b> (see below for list of exemptions)	

**GENERAL PERMIT INSPECTION FEES**

These fees are applied to the costs incurred in the preliminary review of the location covered by the permit, and/or spot inspection of the permitted work, and/or subsequent inspection after the permitted work has been completed to ensure compliance with PennDOT specifications and permit provisions.

5) <b>Driveways</b>	
a) Each minimum use driveway .....	10.00
b) Each low-volume driveway .....	20.00
c) Each medium-volume driveway .....	35.00
d) Each high-volume driveway .....	50.00
6) <b>Surface Openings</b> (These fees are calculated on the total linear feet of the opening being permitted within different areas of the right-of-way.)	
a) Total linear feet of opening each (100 foot increment or fraction thereof):	
(i) Opening in pavement .....	40.00
(ii) Opening in shoulder .....	20.00
(iii) Opening outside pavement and shoulder .....	10.00
b) If a longitudinal opening simultaneously occupies two or more highway areas identified in subparagraph (a), only the higher fee will be charged. Linear distances shall be measured to the nearest foot.	
7) <b>Surface Openings of Less Than 36 Square Feet</b> (e.g., service connections performed independently of underground facility installation, pipe line repairs) (each opening)	
(i) Opening in pavement .....	30.00
(ii) Opening in shoulder .....	15.00
(iii) Opening outside pavement and shoulder .....	10.00
If an opening simultaneously occupies two or more highway areas identified in subparagraphs (i)-(iii), only the higher fee will be charged.	
8) <b>Above-Ground Facilities</b> (e.g., poles, guys and/or anchors if installed independently of poles)	
a) Up to 10 physically connected above-ground facilities (each continuous group) .....	20.00
b) Additional above-ground physically connected facilities (each pole with appurtenances) .....	2.00
9) <b>Crossings</b> (e.g., "overhead" tipples, conveyors or pedestrian walkways and "undergrade" subways or mines) ...	80.00
10) <b>Selsmograph – Vibroseis Method</b> (e.g., prospecting for oil, gas)	
a) First Mile .....	50.00
b) Each additional mile or fraction thereof .....	5.00
11) <b>Non-Emergency Test Holes in Pavement or Shoulder</b> (each hole) .....	5.00
12) <b>Other</b> (e.g., bank removal, sidewalk and curb) .....	20.00

**EXEMPTIONS**

Permit issuance fees and general permit inspection fees are not payable by any of the following:

- 1) The commonwealth.
- 2) Political subdivisions of the commonwealth, except when placing a facility longitudinally within more than 100 total linear feet of pavement. In that case, the application and inspection fees for pavement openings will be charged.
- 3) Governmental authorities organized under the laws of the commonwealth.
- 4) The federal government .
- 5) Charitable organizations that are in compliance with Act No. 337, approved August 9,1963, P.L. 628, as amended (churches, hospitals, schools, charitable institutions, veterans' organizations, non-profit organizations)
- 6) Utility facility owners for:
  - a) The installation of street lights at the request of PennDOT or the political subdivision..
  - b) The replacement or renewal of their facilities prior of a township resurfacing project after notice from the township.
  - c) Facilities moved at the request of PennDOT or the political subdivision.
  - d) The reconstruction or maintenance of their facilities that occupy the right-of-way under private status.

**ADDITIONAL INSPECTION FEES**

If the township determines that the permitted work is of sufficient magnitude or importance to warrant assignment of one or more persons to inspect the permitted work on a more than spot inspection basis, the permit will so indicate and the permittee shall be charged for additional salary, overhead and expenses incurred by each assigned inspector and the township.

**§ 70-6 Excavation and restoration of surface; inspection of work. [Amended 5-21-2008 by  
Ord. No. 5-2008]**

- A. All areas of the road which are excavated shall be restored according to the following restoration requirements:
- (1) Perpendicular excavation: a perpendicular street excavation for installation of a utility service line to a new or existing residence or business from a new or existing main utility line.
    - (a) Restoration requirements: The excavation area shall be milled and overlay applied to a width of three feet beyond the trench edge. If excavation is within three feet of the center line of the road, full roadway width paving is required.
  - (2) Longitudinal excavation: a longitudinal street excavation for installation of a water main, sewer main or other longitudinally located utilities.
    - (a) Restoration requirements: The excavation area shall be milled and overlay applied to a full lane width. If excavation is within three feet of the center line of the road, full roadway width paving is required.
  - (3) Miscellaneous surface penetrations: any single core borings, bore holes or other small excavations.
    - (a) Restoration requirements: Full depth paving restoration is required for a minimum of two feet beyond the boring or excavation. If the boring or excavation penetrates below the existing paving, the area below the paving shall be filled with Type A or B flowable backfill or an alternate fill material approved by the Township. Excavation shall be milled and overlay applied to three feet beyond excavation. If excavation is within three feet of the center line of the road, full width paving is required.
  - (4) Miscellaneous surface penetrations: two or more core borings, bore holes or other small excavations within a one-hundred-foot road segment.
    - (a) Restoration requirements: full lane width restoration. If excavation is within three

feet of the center line of the road, full roadway width paving is required.

- B. The area to be restored shall extend 10 feet beyond the starting and ending limits of the excavation.
- C. All backfilling, trench restoration, road milling and paving shall be completed in accordance with the effective Township road construction specifications, PennDOT specifications Publication 408, and PennDOT Publication 213, current editions or their successor publications adopted by the Pennsylvania Department of Transportation.
- D. All areas excavated shall be swept to remove excess loose material from the street.
- E. Excavations which result in a disturbed paving area in excess of 1,000 square feet shall require nuclear density testing by a certified third-party testing laboratory which is approved by the Township. The results of the nuclear density tests shall be submitted to the Township, which shall confirm that the density of the paving meets the Township specifications. In addition, two core borings shall be provided to the Township per 1,000 square feet of disturbed paving area.
- F. Upon completion of the work authorized by the permit, the Township shall inspect the work and, when necessary, enforce compliance with the conditions, restrictions and regulations prescribed by the permit and this article. Where any settlement or defect in the work occurs, or where nuclear density tests were performed, if the tests reveal a substandard density, the applicant shall rectify any such settlement or defect within 15 days after written notice from the Township to do so. If at any time a settlement or defect shall become a hazard, the applicant shall rectify such settlement or defect within two hours after notice from the Township. If the applicant fails to comply with the notice authorized by this section, the Township may complete the work and shall impose upon the applicant the cost thereof.
- G. The applicant shall provide the Township with the name and contact information of an authorized representative who may be reached 24 hours a day while the work pursuant to the permit is in progress.

**§ 70-7 Violation and enforcement provision. [Amended 6-23-1992 by Ord. No. 9-1992;  
7-24-1996 by Ord. No. 7-1996]**

Any person who violates or permits the violation of any provision of this article shall, upon being found liable therefor in a civil enforcement proceeding commenced by the Township before a District Justice, pay a fine for each such violation in an amount not less than \$100 and not more than \$600 plus all court costs, including reasonable attorney fees, incurred by the Township. No judgment shall be imposed until the date of the determination of a violation by the District Justice. If the defendant neither pays nor timely appeals the judgment, the Township may enforce the judgment pursuant to the applicable rules of civil procedure.
